OFFICIAL REPORT.
George P. Rowell & Co., the leading authority on newspaper information, says:
"THE FORT WAYNE SENTINEL, published at Fort Wayne, Ind., has the highest circulation rating accorded to any daily in Indiana, outside of Indianapolis."

The Fort Wayne Sentinel.

The Largest Circulation in the State, Outside of Indianapolis.

ESTABLISHED 1833. THURSDAY, JUNE 28, 1894. PRICE TWO CENTS.

Most Comprehensive Assortments of

Fancy Printed Cottons

Are now on our Counters. Never before have these Dainty, Cool, Artistic, yet serviceable goods appeared in a more pleasing or extensive variety of Styles and Colorings. The moderate prices add to the attractiveness of the offerings.

French Printed Challies

These goods Have this Season gained a firmer hold on popular favor than ever before. Almost every day

New Bargains In Hosiery

Are placed on the counters. Particular attention is this morning called to several lots offered, that means a positive saving of 33⅓ to 50 per cent. from those generally prevailing.

GEO. DeWALD & CO.

Hay, There, What's the Price of Straw (Hats)?

THEY ARE VERY

CHEAP

And now is the time to have one. Also one of our

Negligee Shirts

Which are very fine. Call on us if you are in need of Hats and Furnishing Goods.

WM. MEYER & BRO.

Rooms 5 and 7 Arcade.

Now is the Time To Buy Bicycles, Cycle Supplies, Base Ball and Lawn Tennis Goods.

Clearing Sale.

Northern Pacific Trains Motionless.

Not a Wheel Turning on the Road.

The Santa Fe Appeals to the Courts

And Succeeds in Getting a Number of Deputy Marshals.

The Situation Everywhere is One of Grave Apprehension and Suppense.

ST. PAUL, Minn., June 28.—A general strike is on on the Northern Pacific system. It went into effect at midnight. Not a wheel is moving on the eastern end of the road and a complete tie-up is reported from Fargo, Livingston and other points.

The strike is the direct outcome of the Pullman boycott, the employes demanding the reinstatement of the men discharged Tuesday and yesterday for refusing to handle the boycotted cars and demanding that the order for the discharge of all employes who refuse to handle the cars be rescinded.

Several meetings of Northern Pacific branch No. 216, A. R. U., were held yesterday before this action was decided on. A committee of five was appointed to wait on General Manager Kendrick and demand the reinstatement of the discharged men. This demand was refused. A strike committee was immediately appointed by the union, which at once sent a telegraphic order for a strike all along the system as far west as Livingston, Mont., and that point was instructed to notify all west divisions at once. The order includes all classes of railroad employes and will not be confined to trainmen alone.

Train No. 7, which runs as far west as Fargo, was tied up at the union depot, St. Paul. No engineer or fireman could be found to man the engine. The members of the American Railway Union on the Northern Pacific state that they have a perfect organization all along the system. Furthermore, they state that they are in excellent condition financially to carry on the strike, even if it should last a year. All the men employed in the Northern Pacific shops at Como have gone out.

MINNEAPOLIS, Minn., June 28.—The local employes of the Northern Pacific quit work according to the agreement at 7 a. m. today.

HELENA, Mont., June 28—A 19 o'clock last night all American Railway union men on the Northern Pacific railway went out under an order from President Debs. The entire line in this state, branches and all, are tied up.

CHICAGO, Ill., June 28.—No trains, through or suburban, were running on the Illinois Central into or out of Chicago today. By 10 o'clock this morning the Galena and Wisconsin divisions of the Chicago and Northwestern were at a stand still. The announcement was made that every road entering the union depot would be tied up at noon. The Chicago, Burlington and Quincy, the Pennsylvania, the Chicago and Alton and the Chicago, Milwaukee and St. Paul would all be affected if the traffic at the union depot should be stopped.

Signs of trouble were detected early along the Chicago and Northwestern line. During the morning the strikers congregated in the yards and five police officers were sent to preserve order.

A complication has arisen which may lead to trouble between the Illinois Central and its engineers. Last night an Illinois Central switch engine collision was wrecked and the company discharged Joseph Finn, who was in charge of the locomotive. He says that a side rod dropped and the revolutions of the broken piece of machinery unavoidably wrecked the cab. His explanation was not satisfactory and he was discharged. Finn is a member of the locomotive brotherhood.

Four engineers on the Northwestern road, who called on the officials of the American Railway union last night and induced the order for the strike on that road, were discharged today. This is considered by the union an important factor in the trouble. Three men, members of the sub-committee sent out by the union officials last night to the Northwestern yards at Western avenue to order the strike, which took place at midnight, were arrested this morning on complaint of the railway officials. They were charged with intimidation and were taken to the West Chicago avenue police station and locked up. The American Railway union engaged attorneys to defend them owing to the strike of the switchmen on the Panhandle the trains of that road have been brought in over the tracks of the Fort Wayne road.

Threats to tie up the latter road and even the entire Pennsylvania system grow largely out of this fact. Action against the Fort Wayne would also involve the Chicago and Alton road, as both come into the city over the same tracks. Everything was blocked after midnight last night at the Western avenue yards of the Northwestern, Milwaukee and St. Paul and Panhandle roads.

At the request of railway employes in the east twenty-five men were sent out by the American Railway union to aid in organization in that part of the country. These men are bound for New York, and will begin work among the employes of the New York Central. Engineers and firemen on all roads centering in Chicago are greatly lessened at the discharge of the four engineers by the Northwestern road, and decisive action on their part in aiding the general strike is looked for.

About 100 policemen are stationed today along the tracks of the Illinois Central and Rock Island roads in the city. Vice President Harrison, of the Illinois Central, today sent a messenger to Chief Brennan's office with a letter, requesting that more police be detailed to guard the Illinois Central property. The chief, however, said he could not see how more men could be detailed to that road. The chief thinks the railroads are making too great demand and expecting too much of the city police.

Not a train was moving on the Chicago, Milwaukee and St. Paul. No suburban trains came in nor went out this morning, the report said, and at Western avenue, where the trains were made up, no men were at work. Inspector Lewis had thirty policemen there guarding the company's property.

11:30 A. M.—The first passenger train due to leave over the Baltimore and Ohio for the east today could not leave on account of being unable to couple on an engine. The engineers of other roads centering in the city refused to switch engines across the Baltimore and Ohio tracks in such a manner that the Baltimore and Ohio engine was held back as effectually as though locked to the rails. Forty police were sent to the yards.

12:00 M.—The entire day crews of the Milwaukee and St. Paul and Pan Handle roads quit work this morning and there is not a wheel turning under any passenger car on either road that is not manned by officials. The men are in ugly mood and violence is predicted. There are said to be only two Pullman cars in the yards of Milwaukee and St. Paul system, but the use of those cars has been so effectual in tying up the road, at least at the Chicago end, as though there were hundreds. The strikers are threatening to throw these two cars into the ditch.

12:01 P. M.—A committee from the Knights of Labor had gone to the union stock yards to try to induce a strike. Its success is problematical.

1:00 P. M.—The Chicago and Northern Pacific road sent a written call today for more police protection at the Grand Central depot. They said the force of police there was inadequate to control the crowds assembled, and asked for fifteen additional men. The message intimated that that the company feared violence both as to its men and the patrons of the depot. The extra detail was at once granted.

The extent of the Pullman boycott strike was indicated today by the footing of telegrams received by President Debs, of the American Railway Union. The movement has gathered strength until now it paralyzes the traffic of the whole west. Perishable freight is being rushed on side tracks of overland routes in Texas, New Mexico, Arizona and Southern California, as well as Nebraska, Colorado, Utah, Montana, Oregon, Minnesota and the Dakotas. Travel is stopped from the Pacific coast east and not a car is leaving Chicago for the west.

STOCK YARD EMPLOYES WILL STRIKE.

After a prolonged conference with the officials of the American Railway union today Grand Master Sovereign, of the Knights of Labor, sent a committee to the Union Stock yards with instructions to call out all employes at the yards. These included all employes of the great packing houses and every other industry at that place. The order is peremptory and will go into effect at once.

Superintendent Troy, of the Chicago division of the railway mail service, arrived in the city today. Superintendent Troy warned President Debs and Vice President Howard, of the American Railway union, that if mail trains were interfered with the government will be compelled to proceed against the strikers. President Debs and the members of the Union have no desire to come into conflict with the government and none of the strikers will interfere with the mails. He assured Superintendent Troy that he would wire instructions to every point where the boycott is in operation that the mails must be allowed to proceed.

PUEBLO, Colo., June 28.—Pueblo's two lodges of the American Railway union have voted to carry out the boycott on Pullman sleepers, making it apply to all roads entering the city, the Denver and Rio Grande, Santa Fe, Rock Island, Missouri Pacific, Union Pacific and Denver and Gulf. When the Santa Fe train No. 6, from Denver for the east, pulled into the depot about midnight, fifty switchmen were on hand and uncoupled the sleepers from the rest of the train. The same thing was done to the sleepers on the Santa Fe, No. 7, from La Junta and the

(CONTINUED ON THIRD PAGE.)

DISEMBOWELED HIMSELF

The Suicidal Act of a French Anarchist,

Who Plunged the Knife Into His Abdomen When the Officers Came to Arrest Him.

PARIS, June 28.—A despatch from Montpelier, capital of the department of Hernult, announces an anarchist tragedy growing out of the efforts of the police to discover the accomplices of Cesaro Santo, the assassin of President Carnot. Cette and Montpellier, both in the same department, have been mentioned as places where the murderer stopped previous to making his way to Lyons with the intention of taking the life of the chief magistrate of France. Consequently both these towns have been scoured by detectives since Monday morning.

Santo has from the first claimed that he acted entirely on his own initiative and that he had no accomplices. The police soon formed a different opinion, and believed that he followed out a carefully laid plan, receiving instructions and advice at the different towns he visited.

The detectives who have been at work in Montpelier decided to surround and search the house of a man named Granier, supposed to be an anarchist and a possible accomplice of Santo. Granier, it appears, during last Sunday afternoon, previous to the attack upon President Carnot, was heard to remark: "By this time Carnot must have received his quietus." As the president was not stabbed until late the same evening it was naturally concluded, when the news of the outrage became public and when it was shown that Santo visited Montpelier, that Granier must have known that an attempt was to be made upon the life of the president.

When Granier's house was surrounded the detectives burst in the door and summoned the anarchist to surrender. Granier, who was seated at a table eating his supper, sprang to his feet and for a moment stood motionless with surprise. Then with surprising swiftness, and before a detective could secure him, he picked up a long and sharp knife and plunged it into his abdomen, and with a few swift turns of the wrist disemboweled himself and fell to the floor, where he expired almost immediately.

The police then commenced a thorough search of Granier's lodging and according to report, a quantity of anarchistic literature was discovered, together with documents which connected Santo with Granier and others in the conspiracy which resulted in the murder of President Carnot. In any case the police authorities admit that they have established beyond a doubt that Santo, Granier and the man named Laborie, who was arrested on Monday, and others not yet in custody, plotted the death of President Carnot in order to avenge the executions of Ravachol, Vaillant and Henri, all of whom, before dying, announced that their deaths would be avenged. This, of course, was looked upon as mere anarchist blustering at the time the threats were uttered. The police expect to make important arrests shortly.

Santo will be tried, as already announced, on July 23 at Lyons, but the charge against him will be parricide, instead of murder. Article 1111 of the penal code decrees that an attempt against the head of the state is to be so described and punished. When Santo shall have been condemned to death and the hour of his execution has arrived, he will be conducted to the place of execution, his shirt, having been cut off, and with his head covered by a black veil. The condemned man will stand on the scaffold while an officer of the law addresses the people and refers to the enormity of the crime committed. Santo will then be decapitated by the guillotine.

LONE HIGHWAYMEN

Holds Up a Stage and Robs the Passengers.

VANCOUVER, B. C., June 28.—Dan McGilvary, a well-known railway contractor, has returned from Cariboo. He was one of two passengers in the Cariboo stage when it was held up near Williams lake. The stage had proceeded but three miles from Fifteen Mile House, when a solitary highwayman appeared on the road and commanded the driver and passengers to "hold up," covering them with a Winchester. The party was taken entirely unawares and the driver was forced to surrender the British Columbian Express company's box. The highwayman then rode rapidly away and was soon lost sight of. The stage driver was now was on the route, but has driven for years. McGilvary thinks the highwayman is a professional from his methods. Several big hydraulic mining companies are now working in Cariboo and consequently large shipments of money are made. The amount taken is not known, but is believed to be a fairly good haul. The express company has refused to carry money for the present as it is believed that a gang of about eight highwaymen is operating. The highwayman wore a mask and did not bother either of the passengers.

Politicians Burned.

CHICAGO, June 28.—By the explosion of a case of fireworks on the rear platform of the special train bringing home from the state convention the marching club of the Cook county democracy last night, eight of the members were burned. The accident occurred at Bloomington. The following persons were injured. Mayor Hopkins, John W. Hanchart, J. J. McCarthy and Wm. C. Walsh. It will be weeks or more before some of those who were burned will be able to use their hands.

DEATH AND DISASTER

Accompany a Cyclone Across Minnesota.

Houses Torn Into Atoms, Barns and Fences Prostrated and Crops Totally Destroyed.

LITCHFIELD, Minn., June 28.—A terrible cyclone passed within two miles of Litchfield last night. It covered a strip about ten rods and four or five miles long and killed two persons. Several others are injured, some fatally. Six or seven farm houses were destroyed and trees and crops were wiped clean to the ground. One house caught fire and was destroyed. The dead reported are: Miss Jennie Lindstrom, of St. Paul, aged twenty two; Mrs. John Sanders, aged sixty. Several physicians are in the cyclone territory doing what they can for the injured. It is thought no more will die.

COKATO, Minn., June 28.—A cyclone struck St. John's university last night, totally wrecking the industrial school and all of the out buildings, such as bakery, barn, carpenter shop, slaughter house, engine house, laundry and shoe shop. The roof of the main building is badly damaged and countless windows were broken. The damage is about $30,000.

PRINCETON MILL, Minn., June 28.—A cyclone passed just north and west of this place last evening. Its course was from southwest to northeast, cutting a swath 600 feet wide and almost five miles long. Mrs. Gifford T. Hick was instantly killed and Mr. Hick was seriously injured. The escape of many persons was miraculous. A dozen or more farm houses were blown to pieces. Crops in the path of the storm were totally destroyed.

RICHMOND, Minn., June 28.—The cyclone here fatally injured Mrs. Hark man. The Lutheran church and high school were blown down.

MINNETTE, S. D., June 28.—A terrific wind storm which struck here last evening blew in several store fronts and unroofed a number of houses. Two distinct cyclones formed, one moving northeast and one southeast.

GLENDIVE, Minn., June 28.—A cyclone struck about five miles northwest of here last night, killing and injuring many people and destroying a large amount of property. Five in one family were seriously injured and seven in another.

SHERRY EYE, Minn., June 28.—A cyclone visited this vicinity last evening, scattering death and destruction in its path. Charles Mielke, jr., aged sixteen years, started from the house to close the barn door and was caught and killed. From Mielke's the storm worked east, striking John Schmidt's place, three miles west. The family did not note its approach in time and father, mother and four children were taken up with the frame of the house and scattered several rods away from where the house stood. They were all slightly injured, but only a girl of four years is seriously hurt. From Schmidt's farm the storm whirled off northeast, striking the residence of Peter Trott, leveling it to the ground, but the family took refuge in the cellar and none were injured. From here the cyclone passed northeast, being visible for several minutes, then faded away. The track of the storm was about two rods wide. It was of a grayish color, plainly visible from town and accompanied by terrible warning sounds. Nurses and doctors from this place are busy caring for the unfortunates. The damage to growing grain is very slight.

WILLMAR, Minn., June 28.—Reports from the country around here show that over thirty houses were totally destroyed by the cyclone. A family of seven is reported to be all killed at Roseland.

TO MAKE MATCHES CHEAPER.

Machine Patented That May be Established in England and in Italy.

AKRON, Ohio, June 28.—President C. C. Barber, General Manager Graton and James Hopkins, of the Diamond Match company, have just returned from an extensive trip through Europe. Mr. Barber said that they had taken the trip with the view of erecting two or three large match factories in Europe if it were deemed feasible.

"We have no idea," he said, "of forming an international combination of match manufacturers. With our superior machinery and their cheap labor we can make matches cheaper and better than any European manufacturer and it would not be good business policy for us to combine with them. We have not definitely determined when we shall do, but if we locate factories there we will probably be near Liverpool, Eng., and the other at some desirable point in Italy."

BRICK TRUST BROKEN.

Majority of the Stockholders Ask for a Receiver and Dissolution.

TOLEDO, Ohio, June 28.—The Toledo brick trust was exploded yesterday by the application upon the part of a majority of the stockholders for a receiver and dissolution. They claim that because of ten or three brick companies, which are also engaged in contracting, the supplying themselves with brick, that it is impossible for the trust to withstand their rates. The result will be that every manufacturer will fish for himself. There are sixteen yards here, with a total yearly capacity of 90,000,000 brick.

Eli Harrod, of Hoagland, is very ill.

LEIGHTY GETS IT.

The Republicans Make Him a Congressional Candidate.

The Contest Settled at the End of the Fourth Ballot—Complete Proceedings.

Something of the enthusiasm that is seen in the democratic congressional conventions of this district characterized the meeting of the republicans of the Twelfth district here today when the 170 delegates from the counties of Allen, DeKalb, Lagrange, Noble, Steuben and Whitley assembled at Scengerbund hall at 1:30 o'clock to nominate a candidate for congress.

Heretofore the nomination has gone begging for the reason that few men, even those who covet political honors and political distinction, cared to enter a race in which there is such a certainty of defeat coming to them as election day, but this year there were a half dozen republican statesmen who thought they smelled victory in the air, and hence were willing to run the chances of being made victims to their political ambitions.

The most prominent of those candidate were Hon. J. D. Leighty, of DeKalb county, and Prof. H. W. Diedrich. Dr. C. R. Stemen and Hon. J. W. Hayden, of this city, and for the last few weeks each of them, with their respective friends, have been doing all that they could do for the furtherance of their prospects and have earnestly desired and earnestly worked for the nomination, claiming that they had certain elements of personal strength, which, in the event of their nomination, would secure them a victory over their democratic opponent in the campaign.

The delegates began arriving from the other counties of the district last evening, and registered themselves at the various hotels of the city. Others came in this morning, and long before noon the Avelina house, which was the headquarters for the candidates, was crowded with them, as was also the sidewalks in front of the hotel, all being compelled to go through the "button-holing" ordeal as soon as the would-be congressmen got their eyeson them.

Dr. Stemen, Prof. Diedrich, Mr. Hayden and Mr. Leighty each had rooms at the Avaline, where they received each of the delegates and their friends as desired to call on them. Fort Wayne, with her three candidates, seemed to be divided and at an early hour there was talk of a compromise candidate from this city, if Fort Wayne deserved to secure the nomination. The names most frequently mentioned as this dark horse were those of Harry Hanna, the brilliant young lawyer of this city, and S. E. Bursley, the well known wholesale grocer, but the other candidates rather laughed at this talk and went on with their canvass without paying any very great amount of attention to it.

And so the warm and interesting fight went on until the dinner hour had come and gone and the delegates began gathering at the convention hall where the battle for the honor of being the standard bearer of the party in this district was to be fought.

Scengerbund hall was not more than one-half filled when Chairman Schwood called the convention to order, and, without making a speech, said that the convention was now ready to hear the report of the committee on rules and permanent organization, which was made by Edward Shaw, of Lagrange. It named for the permanent officers:

Chairman—Frank S. Roby, of Steuben.

Secretary—John W. Baker, Whitley.

Mr. Roby, on taking the chair, made a short but eloquent speech, in which he said that the nominee of this convention would be the next congressman from this district. As soon as Mr. Roby finished, he appointed the following committee on resolutions:

J. N. Errick, Lagrange.
Jos. A. Woodhull, Steuben.
Frank B. Willis, DeKalb.
Wm. Runyan, Noble.
A. H. Foust, Whitley.
Frank Alderman, Allen.
C. S. Hilton, Allen.

Then on motion of Judge Ninde the convention took a recess of fifteen minutes in order to allow the Allen county delegates time to report.

In twenty minutes after the adjournment had been taken Chairman Roby rapped for order and asked for the report of the committee on resolutions, but they were not ready and neither had the Allen county delegation returned to the hall and so another wait of ten minutes followed. Tired of waiting, the chairman said:

"Will the sergeant-at-arms notify the Allen county delegation that the convention is waiting on them."

This brought the Allen county slow coaches to time and they soon filed into the hall with the announcement that they had elected J. K. McCracken as their chairman, which was a victory for the Diedrich crowd.

The committee on resolutions then, through Dr. Errick, of Lagrange county, reported, and they were unanimously adopted. The secretary then called the roll of counties for announcement of the candidates for congress.

Mr. W. D. Page, in an eloquent speech of five minutes, announced the name of Prof. H. W. Diedrich, extolling his elements of strength and his personal fitness for the office.

Dr. Buchman announced the name of Dr. C. R. Stemen, of this city, and made a brief but forcible speech, setting forth the reasons why his nomination would be a wise and appropriate one.

Judge Ninde presented the name of Hon. J. W. Hayden, of Fort Wayne, and made a strong speech for his candidate.

A. B. Hannas, of Auburn, nominated J. D. Leighty, of DeKalb, and named the qualities that would make him a strong candidate for congress.

Capt. A. G. Mellandy, of Steuben county, seconded the nomination of Mr. Leighty.

No other candidates being announced, the first ballot was taken and resulted as follows:

Diedrich, 42.
Stemen, 36.
Hayden, 29.
Leighty, 36.
Ninde, 6.

The vote of Allen county was as follows: Diedrich, 26; Stemen, 10; Hayden, 18; Leighty, 1.

DeKalb, 25 for Leighty.

Lagrange, 5 for Diedrich, 5 for Stemen, 5 for Hayden, 5 for Leighty.

Noble, 2 for Diedrich, 6 for Hayden, 9 for Stemen, 12 for Leighty.

Whitley, Diedrich, 8; Stemen, 9; Leighty, 5.

Steuben, Diedrich, 1; Hayden, 1; Stemen, 3; Leighty, 10; Ninde, 6.

There was no nomination, as sixty-eight votes were necessary for a choice, and a second ballot was taken, resulting as follows:

The convention was so slow so as to team in the taking of ballots and it was at least fifteen minutes before the delegates were ready for the announcement of the second ballot, which resulted as follows:

Diedrich, 51 2-3 6.
Stemen, 28 2-3 6.
Hayden, 29 1-3 6.
Leighty, 59 1-3 6.
Ninde, 1.

The boom that had been started early in the morning for Bursley and Hanna did not materialize, and neither of them received a vote, it appearing that Judge Ninde was the dark horse who some of the delegates thought had the most strength.

Another long wait and a lot of oleo discussing and the third ballot was announced, as follows:

Diedrich, 62.
Leighty, 61.
Stemen, 21.
Hayden, 21.
Judge Morris, 2.

With this ballot Dr. Stemen withdrew his name.

John W. Hayden also withdrew and with shouts for "Diedrich" the fourth ballot was taken and resulted.

Diedrich, 71½.
Leighty, 59½.

This resulted in the nomination of Leighty.

THE COURTS.

Story in the Frank—Myers Case Fail to Arrive.

The arguments in the case of Oatman against the Nickel Plate railroad are being made in the circuit court.

The superior court jury in the case of Milo P. Funk against Fred H. Myers, after being out from 12 o'clock yesterday until 9 o'clock this morning, reported that they were unable to agree upon a verdict.

Justice France dismissed the case against Jacob Hutzker because of the failure of Mayor Oakley to properly turn over the papers to him. The case may be commenced again.

The case of Katie Dickey against Fanny Ongo is on trial before a jury in the superior court. "Peg" Miller was on the witness stand this morning and quite a tilt took place between him and Hon. T. E. Ellison, one of the attorneys in the case. "Peg" refused to answer certain questions, but finally did so by order of the court.

Bribery at New Orleans.

NEW ORLEANS, June 28.—The grand jury which is still investigating corruption and bribery on the part of city officials, brought in two more indictments for bribery, making ten in all that it has found against officials or exofficials in the last two weeks. One of these indictments is against Thomas Healy, councilman from the First ward, charging him with receiving a bribe of $500. The other is against John C. Bush, ex-assessor, and charges him with having received a bribe of $150. The grand jury is still engaged in investigating these charges of corruption, and expects to find a number of indictments before it gets through with its work.

Arrest of One Thrower.

CHICAGO, June 28.—Train guards on the Michigan Central through express detected what appeared to have been an attempt to rob the train last night. They found Ed Rigg and Ed Stevens hidden in a car, carried them to Kensington and turned them over to the police. Rigg and Stevens were found and would give no explanation of their presence in the car. They had about a hundred keys and were believed by the police to be skillful operators.

Any Accidents for Three Days.

WASHINGTON, June 28.—There has been some talk of an adjournment by the house for three days, including the Fourth of July. Representative Catchings, of the committee on rules, however, thinks that no adjournment except for one day is probable.

Humane Agent Schlaudroff is today looking for a home for a sixteen-months old baby. The mother resides on the east side and is very careless in the manner in which the baby is cared for. For instance, when the little one is very warm, the mother kindly puts it under the pump spout and cools the little one off with cold water. As a result the child has a bad cough.

A CLASSIC SUBURB.

Pompeii and the Bay of Naples at Lakeside.

A Little Army of Men Hurrying the Work For the Grand Spectacular Performance Saturday Evening.

Few people have any idea of the magnitude of the spectacular production, "The Last Days of Pompeii," which is now being prepared for presentation on Saturday evening, at Lakeside park.

Last evening a SENTINEL representative, in company with H. M. Hansford, general manager of the concern for H. B. Theurie & Co., of Chicago, paid a visit to Lakeside park and was really surprised at the work being done by the little army of Fort Wayne laboring men, under the direction of the various managers of the different departments of work. Few people will recognize the bare ball park where they first step inside the gates and will stand awe stricken beneath the shadows of Vesuvius and will be lost in admiration of the deep blue expanse of the poetic bay of Naples.

The canvas of this magnificent panorama stretches almost entirely across the center of the park from east to west. At the foot of the volcano is the town of Pompeii, with its stately columns and sculptured facades. Facing the south, and directly in front of the town, is a large platform laid upon the ground. This is the stage which will be occupied by the 250 actors. East of the stage, and separating the audience from the actors, is the large lake upon which repose two swan necked gondolas. Above this lake and stretching across the park is a row of arc electric lights, so that the whole park will be as light as day. A short distance from the lake and facing north are the reserved spaces or boxes. They are divided off into spaces large enough to comfortably seat six or eight persons. Back of these are the seats for the general public. The earth from the excavation of the lake was drawn back and upon this slope are seats which will accommodate from 8,000 to 10,000 persons. There will be no danger of brush downs as the spectators feet will be on firm ground.

The time required to produce the entire performance is about one hour and thirty minutes.

A trumpet tells the approach of the procession, and senators emerge from the forum to receive the distinguished visitors and review the pageant. Marching Roman soldiers, followed by slaves with banners and trophies, dancing girls, senators, noblemen under canopies, with tan bearers and slaves, flower girls, gladiators and musicians on the immense stage make a grand sight while the music, specially arranged for the production by P. S. Gilmore, adds greatly to the charming effect. The sports over, "the race" run, the grounds sold," the gladiators honored, and the procession re-forms to march under the triumphal arch to the temple fete, the doors of which opening disclose the illuminated interior, and priests and priestesses envelope. The golden image is brought forth, and as the venerable high priest appears, the multitude kneels, all except a crowd of christians who refuse to worship the idol; while a pantomine performances takes place between the leading characters, Venuvius shows increased signs of agitation, and as fence is about to be used to compel the christians to kneel, the volcano with an angry roar and vivid flames belches forth clouds of fire and heated stones, and floods of lava pour down the mountain side, spreading devastation in its path. The earth quakes, temple columns, palaces and arches fall, and fire and terrific explosions awaywhere add to the seemingly total destruction. The affrighted populace has meantime rushed from the scene.

FIFTY YEARS AGO TODAY

From Toledo.

Mr. W. R. Walter Arrived in This City

Fifty years ago today Mr. W. R. Walter, one of the old and well known residents of this city, landed in Fort Wayne. He came in a canal boat and the country from Toledo here and further west was almost a lake of mud and water. In talking about his arrival in the city to a SENTINEL reporter, Mr. Walter said:

"The country hereabout was having what was then a common occurrence, a 'June freshet.' Some years ago I wrote up a description of Fort Wayne in 1841, as I will not repeat what was then published. Among those who were citizens here when the canal was put in service are the following: O. W. Jefferds, Henry Sharp, Ira Rupert, Mrs. Wheeler, A. L. Johns, Robert Lowry, Wm. Coombs, Mrs. Rugg, Mrs. Hill, Charles Hill, Mrs. Brackenridge, Louis Leitner and wife, John M. Miller, John Mohr, sr., C. Bookers and brother, Jacob Kline, Killian Baker, M. F. Barhoydt and some others whom I do not now call to mind. I think I mentioned in my memoirs alluded to above, that the old blank house at the fort and part of the picket fence was yet standing and the family of Mr. Dunneon living in the house, also, in the log house left on the southwest corner of the public square. A heavy crop of wheat was gathered that fall where Douglass avenue would now be in the middle of it."

THE MAYOR'S FIGHT.

Judge Zollars Views It—Talk at Indianapolis.

INDIANAPOLIS, June 28.—Judge Allen Zollars, of Fort Wayne, talked freely of the situation in the Twelfth district. The republicans of Fort Wayne were never so badly torn up and bitter against each other as at present. Mayor Oakley, who was elected by A. P. A. influences, has been engaged in a disgraceful sacrifice of the interests of the city to his secret pledges to that un-American sect and has discharged from the police force of the city every man who was thought in any way to treat the Roman church with leniency. Col. D. N. Foster, one of the most prominent and influential residents of the city, and also a member of the board of public safety, antagonized the mayor in his schemes and was asked to resign by that irate and intolerant official. This action has distilled the party and there is no possible chance for a reconciliation. It is now a personal fight of faction against faction, and nothing but total extermination will satisfy either.

ALL WILL RESIGN.

Strong Probability That Mayor Oakley Will Have No Board.

Col. D. N. Foster Has Been Removed, But His Successor is Not Yet Named.

Col. D. N. Foster has been dismissed from the board of public safety by Mayor Oakley and upon the authority of one of the other members of the board, both Messrs. Rossington and Rash will (if they have not already) tender their resignations.

Col. Foster this morning stated that not many weeks ago the entire board came near resigning on account of a communication from the mayor in which he defined the policy of the administration as being unequivocally opposed to Catholics. All the members of the board at that time were (so they now are) opposed to making a religious test as a qualification for municipal service.

The appointment of Officer Vachon was made after the dismissal of Officer Mellaire, both men being Catholics and Vachon's appointment, having been made by the unanimous vote of the board was the straw which broke the camel's back.

The name of Mr. Edward Varnelle has been mentioned as a probable successor of Col. Foster but Mr. Varnelle positively refuses to accept the office.

DEATHS AND FUNERALS.

Those Who Have Been Called to Their Last Long Rest.

Word has been received in this city of the sudden death at Kalamazoo, Mich., of Myrtle, daughter of Mr. and Mrs. J. P. Kreisinger, of 341 Hanna street. Mr. and Mrs. Kreisinger are north on a visit. The cause of the child's death was cholera infantum. The body will arrive today and the funeral will be held tomorrow at an hour not yet determined.

SUSAN.

Intelligence has been received in this city of the death at Los Angeles, Cal., on May 31th, Mr. S. S. Shinn, a former resident of this city. He was a number of years ago, a prominent farmer of Maumee township, this county.

YOUNG.

Last night occurred the death of Mrs. Loora Young, wife of Amos Young, of 15 Archer avenue. The deceased was a sufferer from consumption. The funeral will be held Friday morning from the residence.

SENNEKAMP.

Carl Henry Sennekamp, aged ten years, the son of Carl Sennekamp, of Adams township, died yesterday of whooping cough, at his home. The funeral will be held on Friday morning at 10 o'clock, from the residence.

POYNEER.

Last night at 6:15 at the Hope hospital, occurred the death of Dr. George W. Poyneer. The deceased was sixty-eight years of age and has for the last twenty-five years been a resident of Fort Wayne. He was one of the best known physicians in the city and in early days used to travel through northern Indiana. The death was the result of congestion of the brain, and it will be remembered that Dr. Poyneer was found in his office a few days ago unconscious and in a dying condition. L. H. Poyneer, of Edgerton, a son of the deceased, is in the city and the funeral will be held tomorrow.

Woman Found Guilty of Murder.

DES MOINES, June 28.—A jury in Judge Balliett's court yesterday found Mrs. Betsy Smith guilty of murder in the first degree and fixed the punishment at imprisonment for life. Mrs. Smith killed her blind husband, Michael Smith, by giving him poison April 25. She desired to secure $3,000 insurance on his life.

Hot Storm.

ST. LAURENCE, S. D., June 28.—Last night's terrific storm of wind, rain and hail damaged many buildings and wind mills, demolished crops and ruined gardens.

Prices at the Arcade on Pianos This Week.

$215.00 buys a beautiful Burl Walnut, new upright Chickering, length 63 inches, height 53½ inches, width 28 inches.

$235.00 buys a fancy Circassian Walnut Baldwin, style 22.

$225.00 buys a latest style upright Haines at the Arcade this week.

I also have nice uprights for $145.00, $150.00 and $165.00 that retail for $275, $325 and $360. Warranted for five years.

Cash or payments. The wholesale cost will continue this week only.

LODGES---A. O. U. W., No. 36; Harmony lodge, No. 19, I. O. O. F.; Knights of Maccabees.

The democrats will re-nominate Congressman McNagny.

The candidates for county offices are doing a great deal of handshaking.

The republicans will hold their township convention on the 10th of July in the city hall.

If driven around the city one will notice that there is quite a building boom in progress.

Merchants will no doubt profit by the large number of people that will be brought from other places to this city to witness the production of "The Last Days of Pompeii."

Farmers in the northern and eastern portions of Miami county report that a perfectly formed letter "B" is found on the leaves of growing oats, and the superstitious are trying to figure out that war or some other calamity is impending.

In a resolution passed by the board of public safety at one of their meetings, shortly after the board came into existence, it was stated that the Sunday saloon law and the 11 o'clock law would be enforced "during the life of the present board." Now that the life of this board has come to an end by the removal of one of its members it is in order to ask whether the above laws will continue to be enforced.

The democratic state convention of Illinois yesterday made a most excellent nomination for United States senator---Franklin MacVeagh, of Chicago. He is a gentleman of high ability and excellent repute, one of the best representatives of the business and commercial interests of Chicago; a man of culture, of enlarged public spirit and of elevated personal character. He is an impressive public speaker, holds clear and advanced views of administrative reform, and adheres to sound principles on the tariff and the national finances. If he shall be elected a member of the United States senate he will take high rank among his associates.

The pernicious effect of rabid anarchistic doctrine on weak headed young men is evidenced by the fact that the perpetrators of the most revolting crimes are mere youths. Santo is hardly more than a boy; so was Henri, and so are a great majority of the lunatics who hurl bombs and ply the knife. "Old men for council, young men for war," is the motto of the anarchist, yet the operations and vengeance of the law should be as swift and sure in the one case as the other. When anarchy ceases to discriminate between the just and the unjust, between the tyrant and the kind and humane man, it is time for society to take no chances.

Delegate Sanders of Montana, read the Republican League convention at Denver a lecture which it evidently needed badly last Tuesday. The cheap politicians and perpetual candidates for anything, who make up the bulk of the convention, howled their disapproval because President Cleveland had called the regret of the nation to the family of President Carnot. They didn't want Mr. Cleveland to speak for them. Mr. Sanders had the courage to tell the howlers that the president, as president, represented every citizen of the United States, and declared that the republican party was in a bad way when it showed its lack of patriotism by repudiating that principle. The rebuke silenced the yelpers.

A careful examination of the circumstances attending the assassination of President Carnot does not justify doubt as to the stability of the republic in France. The assassin was not a Frenchman. His bloody deed excited the most intense indignation among the populace. His life would not have been worth a sou without the protection of the police. The manifestations of grief over the death of Carnot have been universal and profound. No nation could offer a more eloquent testimonial of sorrow. Nothing has occurred in connection with the whole lamentable affair to induce the belief that respect for law and order is on the decline in France, or that the devotion of the people to the idea of self government is in any sense weakened.

Judge Allen Zollars, of this city, in a speech delivered at the meeting of the democratic state committee at Indianapolis, had the following to say about the then state situation in this, the Twelfth congressional district: "There is not a sign of any defection from the democratic party to either the republicans or populists. Before we hold our county convention it was generally thought that there was some legality, but the day of the convention banished this illusion. Although there were but 133 delegates sent to the convention from the county, the number in attendance exceeded 2,000, and the greatest enthusiasm and unanimity was manifest. The republicans are claiming that they will carry the county this fall, but we shall have a good majority. Our ticket is a strong one and has met with the approval of the party. T. E. Ellison has been nominated for senator and will be elected. For representative Charles Balman has been renominated and will have with him from Allen Louis Beddies and George N. Kell. All are good men and will be elected. In fact, we shall carry the legislature without a doubt."

It is a pleasure for The Sentinel to make note of the fact that criminality in this county is not as great during this month as it was during the month of June last year. Sheriff Clausmeier tells us that last year at this time there were sixty eight prisoners in the county jail and twenty-four of them were sent up for criminal offences. Now there are only eighteen prisoners in the jail and only two of them are what are called criminals. Whatever the cause, the record certainly shows an improvement in the morals of our county.

Anniversary of a Sea Fight.

Thirty years ago June 19, 1894, occurred one of the greatest sea fights of the nineteenth century. It was the battle between the American wooden ship of war Kearsarge and the Confederate cruiser Alabama. The Alabama started on her career July 29, 1862. Every effort was made to catch her, yet for five years she defied the whole American navy. She did much toward destroying that supremacy of the American merchant marine which it has never regained. The Kearsarge, Captain John S. Winslow, had been on the Alabama's tracks for months. He overhauled her in the French harbor of Cherbourg, where Captain Semmes of the Alabama had put in for repairs. When these were completed, Semmes was quite willing to try issues with the Kearsarge. He believed his luck and pluck would win the fight for him. He therefore put out to sea beyond French jurisdiction.

But his luck deserted him, although his pluck did not. The waters all about the two vessels were dotted with steamers and other craft, both French and English, out to see the fight at a safe distance from stray balls from either vessel. The Alabama fired the first shot. But when the Kearsarge opened in turn and poured volley after volley into the Alabama the fight was quickly over. The Kearsarge had the best marksmen and the best guns. In a few minutes the Alabama began to settle to the bottom, and Captain Semmes struck his colors. There was barely time to take her crew off before she sank into deep water and the terror of American merchantmen for two years was seen no more forever.

The French and English vessels that were spectators of the fight helped to take the Alabama's men off. Without this some must have inevitably drowned, so quickly did the crippled Confederate cruiser sink. The Kearsarge was badly injured, too, but was repaired and continued nearly 30 years afterward to be a useful vessel in the United States navy. And after all this record of glory, Feb. 2, 1894, she struck Roncador reef on the Caribbean coast, and her braves and hero were soon washed away by the sea. One of the survivors of the event of 30 years ago is the Alabama's first officer, who occupies a prominent place in the new statehouse at Atlanta, where he still tells the story of the great sea fight.

Warning to Foreigners.

There is one fact that the strikes in this country of recent years have brought uppermost. The Homestead troubles showed it on the surface. The coal strike has thrown it still more in the foreground. It is that ignorant foreign miners and laborers are the ones chiefly implicated in the deeds of violence attendant upon workingmen's strikes or lockouts. A big Hungarian led the way in the rioting that destroyed the coal tipples, cut the barges loose and sent them floating down the Monongahela and mobbed and severely injured the non-unionmen along the river. Allegheny county may have to pay the National Tube works $250,000 damages. It was Polish women who seized some of the nonunion workmen and tore out their beards by the handful. It was foreigners who captured four American men and held them prisoners, maltreating them in various ways and leaving their friends uncertain whether they were dead or alive. It is safe to say that if the men had been murdered there would have arisen through this country a spirit that would have made short work of many foreign laborers.

As it is, a fight against wholesale foreign immigration is setting in, and it is increasing in force and volume. It may in time turn against not only the ignorant and brutal foreign miners, but also against those who import them in such numbers. This country welcomes foreigners who will make good citizens, but not members of bloodthirsty mobs.

Out of 87 United States senators 44 are Democrats and only 3 Populists. These are Peffer of Kansas, Allen of Nebraska and Kyle of South Dakota. If the Democrats all stood together, they could carry a vote against the Republicans and Populists both, providing they were all present to vote. But the above is such a close one that the Democrats must depend on the three Populist senators to help them out on measures determined on. In order to keep the three Populists in good humor and get their votes, it is necessary to make concessions to Populist ideas. One of these ideas is that the income tax clause must be replaced in the tariff bill. Another is that the interests of the agricultural population must be regarded in making up the tariff bills.

"It is the best senior plate ever tested anywhere," was the verdict pronounced on the last 17 inch Harvey steel plate tried at Indian Head, June 20. But when the company furnishes the rest of the armor for the big ironclads Indiana and Massachusetts it will be equal to that tested at Indian Head, or will it be as worthless as that discovered some time ago at the mills after supposed specimens of it had triumphantly stood the government trials?

If the American fishermen violate the three mile limit law because of a remarkably fine catch of mackerel on the coast of Newfoundland and are caught by the natives too close to British-American shores, they must expect to be dealt with just as Canadian fishermen would be dealt with if they should be caught in American waters within less than three miles of the shore.

THE SUMMER SCHOOLS

THEY WILL BE MORE NUMEROUS THIS YEAR THAN EVER BEFORE.

Chautauqua's and the University Extension Courses Broadest and Most Comprehensive---There Are Many Others, However, That Are Not Far Behind.

One thing is reasonably certain. If the American people are not already a knowing lot, they have determined to remedy the defect just as soon as ever they may. It doesn't matter at all nowadays if your mental training was neglected at the usual season of school age. Just as soon as you are able, by devotion to some sort of money getting occupation, to devote a few weeks and a few dollars to the operation, you can go away somewhere in the summer, by the side of lake or sea, in the mountains or under the shade of the forest, "take up"

GEORGE E. VINCENT.
(Assistant chancellor Chautauqua system.)

whatever subject you desire and study it, under really competent direction, to your heart's desire. It is all really very wonderful, and it grows more so every year, for each season the number and efficiency of summer schools are increased. It seems at last years as if the limit was about reached, but this summer, nevertheless, the fact that there have been loud and money tight, the number of schools is larger than ever, their admission of study broader, and the attendance, it is expected, will be more numerous by thousands. Let us look into this matter a little.

Chautauqua comes in for the first notice, of course, for although the claim that its summer school bears the parental relation to all the other schools is resented in certain quarters, Chautauqua is the best known of all, and more persons go there in search of knowledge every summer than anywhere else. Well, the Chautauqua programme for the coming season is positively bewildering. The American Institute of Christian Sociology, formed last year, will, after a session at Grimsell, Ia., lasting from June 27 to July 4, begin sessions at Chautauqua on July 6, continuing for 20 days. Professor Richard T. Ely, the president of the Institute; Professor J. R. Commons, secretary, and Professor George D. Herron, organizer, assisted by Rev. R. Fay Mills, President George A. Gates, Rev. John P. Coyle, Professor Jesse Moyo, Dr. William Howe Tolman of New York, Ballington Booth and others, will instruct those who attend. The American Institute of Christian Philosophy will begin its summer school at Chautauqua July 6 and continue one week. Some of the topics to be considered by the Institute of Christian Sociology will be political economy, taxation and proportional representation. The Institute of Christian Philosophy will consider such topics as the characteristics of Christendom and the like. The president of the latter organization is Dr. Amory H. Bradford of Montclair, N. J., and the institute's instructors this year will include Rev. George Hunt Bottomley, Chancellor McCracken, Dr. Mc. Dowell and others of like caliber. The Ministerial club will also meet at Chautauqua during the first half of July under the direction of Bishop Vincent, the founder of Chautauqua, and he will have the help of Dr. J. M. Buckley, President Harper, Bishop Hurst and others well known for their ability and earnestness. Theodore Roosevelt will

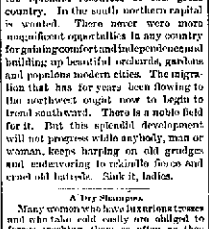
E. BENJAMIN ANDREWS.
(President Brown university and interested in the "extension" course.)

also speak there during July on "The Westward Progress of Civilization In the United States," Professor Richard G. Moulton on literary topics, H. H. Boston on Hawaii, Carroll D. Wright on industrial problems, and others. The college prayer, under President Harper, will begin its session with its multitudinous classes on July 5, closing Aug. 6, and the teachers' retreat, Walter L. Harvey, president of the New York Teachers' college, in charge, will also be held during July. All this regular classes will be continued. Besides, the usual number of pretty young women and comely, wholesome older ones will attend the Chautauqua assembly this year as formerly, and there will be the usual physical culture classes.

The American Society For the Extension of University Teaching also gives remarkably varied courses of instruction in the buildings of the University of Pennsylvania beginning July 2 and closing July 28. The faculty of this summer school will be drawn from leading colleges in both east and west, and this will impart truly national characteristics to the gatherings. Preliminary to the opening of the summer school proper Richard Watson Gilder, on the evening of July 2, will speak "Literature as a Literary Man." The topics to be considered during the sessions that begin July 3 and last 3, Literature, Sciences and Art. 2, Pedagogy. 3, Mathematics. 4, Music. 5, History and Civics. 6, Economics and Sociology. Among those who will instruct on the topics included under these heads are Miss Helen Playlock, William Bayard Hale, William A. Hammond, W. P. Baird of the University of Pennsylvania, Professor A. M. Mackaye, Edward Brooks, superintendent of the Philadelphia public schools; Professor Frank McMurry of the University of Illinois; A. B. Winship, editor of the Journal of Education, and C. L. Schaefer of the Illinois state normal school. Edward Everett Hale, W. H. Mace of the Syracuse university, John Bach McMaster, the historian; Talcott Williams of the Philadelphia Press, B. C. Mauro of the University of Pennsylvania, Professor John B. Clark of Amherst, Professor Simon N. Patten of the University of Pennsylvania, Professor Arthur T. Hadley of Yale, President E. Benjamin Andrews, Professor J. W. Jenks of Cornell, Richmond Mayo-Smith of Columbia, Professor Edwin R. A. Seligman, also of Columbia; Professor Franklin H. Giddings and many others, the work of each to be devoted to a specialty in which he is peculiarly well versed. It does not need any words of commendation from me to impress upon the reader the fact that the managers of the university extension course have got together an excellent summer faculty and laid out a most alluring programme.

The Catholic Summer School of America, which was so successful last year and the year before, will be repeated this year at Plattsburg, on Lake Champlain. The sessions will begin on July 14. Rev. Thomas McMillan, C. S. P., is chairman of the board of studies, and Bishop Spalding, Richard Malcolm Johnson, George Parsons Lathrop, Hon. W. C. Robinson and Dr. James Hall will be prominent members of the faculty. The school will last four weeks, and during the last of the four there will be a course of 24 lectures for the especial benefit of teachers.

The Plymouth School of Applied Ethics will begin July 12 under the direction of Professor Henry C. Adams of



REV. THOMAS McMILLAN,
Chairman board of studies, Catholic summer school.

the University of Michigan and a faculty including many who will be members of the Philadelphia force of lecturers and speakers.

The famous Northfield (Mass.) schools for Bible study for young men and women will be held as usual under the direction of Dwight L. Moody. From June 29 to June 28 the young women will have the field, from June 30 to July 12 the young men, and from Aug. 1 to Aug. 13 the general conference of Christian workers will be in session. Dr. F. B. Meyer of London and Dr. A. J. Gordon of Boston will be among the speakers, and on July 4, when the new auditorium is to be opened, Senator Frye of Maine will deliver the oration.

Beginning July 13 and closing Aug. 7 the Lakeside encampment summer school will be held on the shores of Sandusky bay, Ohio, the general plan being similar to that of Chautauqua, Rev. T. Eby, the president of the Institute; Professor J. R. Commons, secretary, and Professor George D. Herron, organizer, assisted by Rev. R. Fay Mills, President George A. Gates, Rev. John P. Coyle, Professor Jesse Moyo, Dr. William Howe Tolman of New York, Ballington Booth and others, will instruct those who attend. The American Institute of Christian Philosophy will begin its summer school at Chautauqua July 6 and continue one week. Some of the topics to be considered by the Institute of Christian Sociology will be political economy, taxation and proportional representation. The Institute of Christian Philosophy will consider such topics as the characteristics of Christendom and the like. The president of the latter organization is Dr. Amory H. Bradford of Montclair, N. J., and the institute's instructors this year will include Rev. George Hunt Bottomley, Chancellor McCracken, Dr. Mc. Dowell and others of like caliber. The Ministerial club will also meet at Chautauqua during the first half of July under the direction of Bishop Vincent, the founder of Chautauqua, and he will have the help of Dr. J. M. Buckley, President Harper, Bishop Hurst and others well known for their ability and earnestness. Theodore Roosevelt will also speak there during July on "The Westward Progress of Civilization In the United States," Professor Richard G. Moulton on literary topics, H. H. Boston on Hawaii, Carroll D. Wright on industrial problems, and others. The college prayer, under President Harper, will begin its session with its multitudinous classes on July 5, closing Aug. 6, and the teachers' retreat, Walter L. Harvey, president of the New York Teachers' college, in charge, will also be held during July. All the regular classes will be continued. Besides, the usual number of pretty young women and comely, wholesome older ones will attend the Chautauqua assembly this year as formerly, and there will be the usual physical culture classes.

The American Society For the Extension of University Teaching also gives remarkably varied courses of instruction in the buildings of the University of Pennsylvania beginning July 2 and closing July 28. The faculty of this summer school will be drawn from leading colleges in both east and west, and this will impart truly national characteristics to the gatherings. Preliminary to the opening of the summer school proper Richard Watson Gilder, on the evening of July 2, will speak "Literature as a Literary Man." The topics to be considered during the sessions that begin July 3 and last 3, Literature, Sciences and Art. 2, Pedagogy. 3, Mathematics. 4, Music. 5, History and Civics. 6, Economics and Sociology. NOW CARE FOR THE AGED!

Summer With Its Debilitating Weather Is Here.

The Best of Thought and Care Is Due to the Old People---For Them to Be Strong and Happy, Refreshing Sleep Is Necessary---Paine's Celery Compound Must Now Be Taken.

Young people in the flush of health are apt to forget that the aged need help more frequently than they, to ward off weakness and to check disease.

Because there are no symptoms of any specific disease they think nothing can be done. They forget that the weakness of old age are general weaknesses, a difficulty of the slow organs of digestion and assimilation to properly feed the nerves and body.

The one great need, as hot, debilitating weather comes on, is for new, rich blood, free from the poisonous humors that invariably result from a stagnant condition.

The certainly with which Paine's celery compound quickly sends new blood to every part of the body is shown

LEWIS C. CROSSEN.

by a stronger pulse, fuller heart beats, and a brightening of the spirits. Sleep becomes sound and refreshing, and rheumatism, sciatica, neuralgia, and other results of an underfed nervous system disappear.

The world of worn out, nervous, feeble men and women is indebted to Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth medical school for the discovery of this great nerve regulator and blood purifier---the best and final fruit of a long life devoted to the study of weakness of nerve tissues, and its natural remedy.

Paine's celery compound gently stirs the workings of all the vital organs, feeds the nerves which waste in their tissues lies exceeded the repair, and thus relieves nervous prostration, dyspepsia, and disorders of the liver, kidneys and heart.

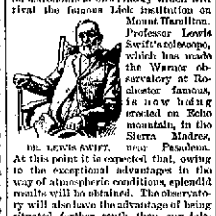
It builds up wasted bodies, fears weak nerves and nerve centers of irritability by supplying rich, abundant blood to build up the worn-out tissues. When there is general debility, lassitude, a loss of appetite and a lack of interest in life that comes at this season; when one looks wretched, and feels so all over, this great modern remedy goes straight to the source of the weakness and immediately gives strength and a vigor of mind and body such as most follow perfect nutrition of every organ and part of the body.

The lives of thousands of men and women past middle age who think it time to stop work, might be prolonged to many years of usefulness if they would only use Paine's celery compound, the great modern blood and nerve restorative. It will give new life, audition and cheerfulness, as it did to Lewis C. Crossen, of North Cohocton, N. Y., who writes: "Paine's Celery compound has done me a great deal of good I have been afflicted with insomnia, nervous chills, loss of strength, and poor digestion for some time, also loss of memory, and all of these troubles are much better now. I have gained in weight since I commenced its use and am much better and stronger in every way. I shall recommend the Compound to all others."

TO RIVAL LICK OBSERVATORY.

Dr. Swift Will Survey the Heavens From Mount Lowe, in Southern California.

Southern California is soon to have an astronomical observatory which will rival the famous Lick institution on Mount Hamilton. Dr. Lewis Swift's telescope, which has made the Warner observatory at Rochester famous, is now being erected on Echo mountain, in the Sierra Madres.



DR. LEWIS SWIFT, near Pasadena.

At this point it is conceded that, owing to the exceptional advantages in the way of atmospheric conditions, splendid results will be obtained. The observatory will also have the advantage of being situated farther south than any telescope in the world, being a degree of the horizon of nine degrees, an area such as has never before been possible in a glass of the kind.

The glass itself is a superb 16 inch refracting telescope, made in the best days of Alvan Clark, the veteran lens grinder of Cambridgeport, Mass. According to the maker's testimony, it is the best instrument he ever made of the size.

Next fall, when the Mount Lowe railway is completed, there will be erected on the summit of Mount Lowe a complete astronomical observatory at an altitude 2,000 feet higher than the Lick observatory. The telescope now in the mountains will be transferred thither, and the institution will be placed in charge of Professor Lewis Swift.

This celebrated astronomer was born at Clarkson, Monroe county, N. Y., Feb. 19, 1820. He was left early in a farmer with a large family and a small income and worked hard on the farm until, at the age of 18, a fracture of the hip rendered him lame for life. Then he attended school three years, walking daily to the Clarkson academy and back a distance of over two miles, on crutches. He finally fitted himself for a lecturer on scientific subjects and followed that vocation for several years.

In 1858 he read Dr. Thomas Dick's works on astronomy and became so enamored of the subject that he determined to devote his life to that science. With his own hands he made his first telescope and thereafter followed the business of making telescopes.

In 1862 he discovered the great Swift comet, which made him famous and caused his removal to Rochester, where the Warner observatory was erected and equipped for his use. Dr. Swift has now to his credit the discovery of nine comets and 900 nebulæ. His last great discovery was made in 1892, when he found the large comet of that year. Dr. Swift is very frugal in his habits and does not use tobacco or stimulants. He has been twice married, and of his five children four survive.

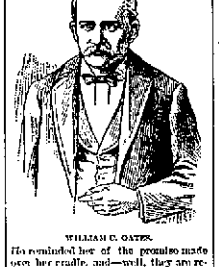
HOW HE MET HIS WIFE.

A Romance In the Life of Congressman William C. Oates.

Congressman William C. Oates, who is running for governor of Alabama on the Democratic ticket, likes to tell how he first met his wife. When the colonel's right arm was shot off in an action before Richmond, he was taken to a farmhouse, where he was nursed by a neighboring girl. After he was able to go about he felt that if he couldn't win the girl he wouldn't thank her for having saved his life. He made his confession, but she said nay.

"Never mind, colonel," said the fair one's mother. "Just wait for her," pointing to a laughing baby in the cradle.

Dates grew interested in the child as she grew up, and when she got to be a young lady he was very much in love.



WILLIAM C. OATES.

He reminded her of the promise made over her cradle, and---well, they are married in Washington as an ideal couple, difference in age notwithstanding.

The congressman was born at Abbeville, Ala., Nov. 30, 1835. He was educated on the plantation and admitted to the bar in 1858. He entered the Confederate army as a captain in 1861, fought through the war and retired with the title of colonel in 1864. After the war he found himself with one arm, no property and a fair knowledge of the law, but very little experience in the practice thereof. However, he set to work and succeeded, he did, though the struggle was a hard one at first. His first success was in his favor, and he the time he went to congress, in 1880, he had made $300,000 in the practice of his profession. Colonel Oates is now serving his seventh term in congress. Before going to Washington he served two terms in the legislature and was a member of the constitutional convention in 1875.

To gather pearls from Ocean's caves
Divers go down at divers places;
But at our mouths of streams and bays,
No pearls do Asian swimmers raise
Like those in beauty's mouth that shine
Made by the SOZODONT divine.

Y. P. S. C. E. Souvenir.

An edition of the Souvenir Maps of the Y. P. S. C. E. Convention to be held July 11th to 15th, at Cleveland, Ohio, has been issued to the Nickel Plate road, the shortest through passenger line between Buffalo and Chicago. Any person who expects to attend this convention and desires one of these maps can have same forwarded to his address, free, with the compliments of this popular low rate line. Address M. C. Baker, District Passenger Agent, Fort Wayne, Ind.

M 16, 17, 22, 24, 29, 31; J 5, 7, 12, 14, 19, 21, 26, 28; J y 3.

Facts Worth Knowing.

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. Nothing satisfactory can be accomplished with douches, snuffs, powders or astringents, because they are irritating, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who had for years borne all the worry and pain that catarrh can inflict testify to radical and permanent cures wrought by Ely's Cream Balm. Your druggist has it.

Excursion Rates via Pennsylvania Lines for Fourth of July.

On Tuesday and Wednesday, July 3d and 4th, special excursion tickets will be sold from all ticket stations on the Pennsylvania lines to any station on those lines within two hundred miles from station where ticket is purchased. Return coupon will be good until July 5th, inclusive. Tickets will not be sold to adults for less than twenty-five cents nor to children for less than fifteen cents. 23, 28, 2.

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." Carlos Martyn, D. D., New York City.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhœa, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." Edwin F. Parker, M. D., 125th Street and 7th Ave., New York City.

The Centaur Company, 77 Murray Street, New York City.

NIAGARA FALLS EXCURSION!

Thursday, August 2, 1894, via the Lake Erie and Western R. R.

"Niagara Gas Route."

On Thursday, August 2, 1894, the lake Erie and Western R. R. will run their popular annual excursion to Cleveland, Chautauqua lake, Buffalo and Niagara Falls at following very low rates, viz:

Peoria, $7.50; Bloomington, $7.00; Lafayette, $6.00; Michigan City, $5.00; Indianapolis, $5.00; Tipton, $5.00; Elma, $4.00; Fort Wayne, $5.00; Muncie, $5.00; Connersville, $6.00; Rushville, $5.00; New Castle, $5.00; Cambridge City, $5.00; Fremont, $4.00; Sandusky, $4.00.

With corresponding reductions from intermediate points.

In addition to the above, the purchasers of these tickets will be given privilege of special excursion side trips to Lewiston on the Lake, including a steamboat ride on Lake Ontario, for 25 cents. To Toronto and return by Lake from Lewiston $1.00; to Thousand Islands, $5.00. Tickets for the above side trips can be had when purchasing Niagara Falls ticket, or at any time on train.

Besides the above privileges, with that of spending Sunday at the Falls, we will furnish all those who desire a side trip from Brocton Junction to Chautauqua Lake and return FREE OF CHARGE.

Tickets of admission to places of special interest at or near Niagara Falls, but outside the reservation, including toll over the International Bridge to the Canadian side, elevators to the water's edge at Whirlpool Rapids on the Canadian side, will be offered on train at a reduction from prices charged after reaching the Falls.

Do not miss this opportunity to spend Sunday at Niagara Falls. The excursion train will arrive at Niagara Falls 7.05 a. m., Friday, August 3, 1894, and will leave the Falls returning Sunday morning, August 5, at 6 o'clock, stopping at Cleveland Sunday afternoon, giving an opportunity to visit the magnificent monument of the late President Garfield, and many other interesting points.

Tickets will be good, however, to return on regular trains leaving the Falls Saturday, August 4, for those not desiring to remain over. Tickets will also be good returning on all regular trains up to and including Tuesday, August 7, 1894. Secure your tickets, also chair and sleeping car accommodations, early. Those desiring can secure accommodations in these cars while at the Falls. For further information call on any agent Lake Erie and Western R. R., or address

RAILWAY RUMBLINGS.

Freight Agents Hold a Meeting in This City.

John Baker Meets With a Bad Accident—Others in the Offices and Shops.

Blacksmith William Reiter, of the Bass works, is sick and off duty.

Henry Hille, a Wabash car inspector, has been quite ill since last Sunday. He is some better today.

At noon today Fred Spaulding left for Berwindale, Pa., where he will install an electric light plant.

T. W. Barkdull has been elected president of the Burlington and Western and the Northwestern roads.

J. M. Beauth, manager of the Standard wheel works, went to Rome City this morning for a short outing.

The new board of directors of the Southern railway will hold their first meeting July 5, in Richmond, Va.

John Gibbins and Ed Rebles, of the electric light works, are at Marion, Ind., in the interest of the electric light works.

Chief Train Dispatcher Tigar is having his office remodeled so as to separate the dispatchers and operators, giving each a room.

The Vandalia now has five switch engines and crews at work at the block coal mines, Brazil, Ind. Work has been resumed at the coal mines.

Superintendent C. S. Hilton and Foreman M. S. Wilson, of the electric light works, are attending the republican congressional convention today.

To keep its shops in operation the Lehigh Valley will build two Shoshone coal cars, a class of use which is always convenient to be well provided with.

President M. E. Ingalls, of the Big Four road, has arrived in Paris, where he expects to remain several days before starting on an extended tour of Europe.

Fireman T. McCarthy, of the Pittsburg road, is spending a few days at Rome City. Last evening he sent a number of fine fish to his friends in the roundhouse.

C. J. Broughton, special representative of the Central Traffic association, was in the city this morning on business connected with the Indiana State Music Teachers' association.

Master Car Builder J. A. Graham, of the Pittsburg, is suffering with a slight attack of malarial fever and is confined to his house. His friends sincerely hope he may escape a severe illness.

Grand Master Sargent, of the Brotherhood of Locomotive Firemen, returned from New York on Sunday, and on Monday started for an extended western trip in the interest of the organization.

Peter Poiroy, a member of the tank builders force in the Pittsburg shops, is nursing a badly bruised foot and will be off duty several days. A heavy piece of timber fell upon his foot yesterday.

Some weeks ago George H. Valliant, vice president of the Erie, suffered an attack of paralysis and a week ago another attack. He has lost the use of his lower limbs and is moved about in a chair.

A new feature has developed in the southern rate war by the inclusion of New Orleans as a point where the graduated cut rates are operative. This will draw the Illinois Central into the demoralization.

An excursion train, carrying 200 people, passed through this city at 9 o'clock this morning, en route to Rome City. The excursionists live in Richmond and other cities along the line of the Grand Rapids road.

The first six months of 1894 the Lake Shore road has been operated on 65.91 per cent. of its gross earnings, against 70.9 per cent. in the corresponding six months of 1893; the Michigan Central on 71.19 per cent., against 78.62 per cent. last year.

The improvements which the present management of the Louisville, Evansville and St. Louis proposes to make at the St. Louis terminal are taking definite shape. The plans for the new buildings have been accepted by the company's officers and it is proposed to take the advantage of the present favorable times for doing such work.

At 11 o'clock yesterday morning John Baker, an employe of the Rhinesmith & Simonson factory, met with an accident that will cause him to remain idle for five or six weeks. He operates a moulding planer and while thus engaged got his right hand too near the rapidly revolving bit heads and the flesh was terribly mangled. The knuckle of the little finger and the bone of the third finger were also broken. Dr. McCausland attended the unfortunate man.

The news of the affliction which has befallen Foreman J. R. Kreisinger, of the Pittsburg planing mills, was a sad blow to his many friends. The particulars of the death of his baby girl are given in our local columns.

The friends of John Kelntz, the Grand Rapids engineer, will be pleased to learn that there is a decided improvement in his condition today. He is still quite ill, however, but there is cause for hopes of his recovery.

Nine weeks ago the coal miners' strike was inaugurated on the Indianapolis and Vincennes road, and the roads which depended on the mines on that line for coal, have not been able to get a pound of coal from this source until yesterday, when the Indianapolis and Vincennes, delivered ten carloads to the Lake Erie and Western.

Frank Graffe, fourteen years old, one of the excursionists to Rome City yesterday, caused his parents and friends much anxiety last night by his failure to reach home at the appointed hour. The last fall saloon on the return trip and was carried through the city. He returned home at 5 o'clock this morning on the Richmond excursion train.

Tonight the Pittsburg shopmen will know how the order to reduce expenses will effect them. If it is decided to suspend men, the suspensions will not be over 10 per cent. of the whole force. A morning paper stated it would be 40 per cent., but that is an error. The car shops will be the greatest sufferer, at least that is the understanding at present.

The first Northern Pacific through passenger train since June 1 arrived at Tacoma yesterday. Hereafter trains will run regularly. In eight hours, Sunday, 145 cars of delayed freight which had been collected at Tacoma were shipped to Portland. The first train of four hundred car loads of freight which has been tied up east of the break in Idaho was moved yesterday.

The Fort Wayne Freight Agents' committee held a meeting at the Aveline house today. The local freight agents also attended. The committee is composed of the division freight agents of all the lines passing through this city and their business is to establish rates and work in the interest of all the lines. Those present from other cities are W. J. Keller, A. S. Billings, W. A. Sprout and Mr. Brown.

Russian railways give rewards to employes who have given satisfactory service for twenty-five, thirty-five and fifty years. At the end of 1893 rewards of $12 each had been given during the year to 1,312 employes who had worked over twenty-five years, $16 40 each to 323 men who had worked thirty-five years, and $24 each to five men who had served over fifty years. The half-century employes are also decorated. These payments are made only to the lower class of laborers who have no official position and are not in line to have one.

The Chicago, Burlington and Quincy has a relief association, similar in its character to that of the Pennsylvania company. The supreme court of Nebraska handed down a decision, last week, in a case where an employe of the Chicago, Burlington and Quincy sought damages, after drawing benefits from the association, to the effect that where benefits were accepted from the association, a suit for damages was void. In this decision the Nebraska supreme court agrees perfectly with a recent decision of the supreme court of Indiana, where an employe on the Indianapolis and Vincennes sued the Pennsylvania company for damages after drawing benefits from the relief department.

Biliousness.

Millions of us are bilious. We are a bilious race. Half of us are born bilious, with a predisposition to dyspepsia. The best known remedy for biliousness and indigestion is Simmons Liver Regulator. Try it.

Awarded Highest Honors—World's Fair.

Used in Millions of Homes—40 Years the Standard.

TIED UP!

[CONTINUED FROM FIRST PAGE.]

west. On this train were the sleepers which were held at La Junta all day. Rio Grande No. 8, from Denver for the west, and all others were served the same way.

All employes refused to recouple the sleepers, and the trains will be held here, say the railroad authorities, until the sleepers go as usual. The sheriff was applied to, but had no men to watch the unionists and prevent them cutting off the Pullmans. The Atchison will apply to the United States marshal. The Rio Grande and other roads will probably take the same course on the grounds of interference with the mails.

MILWAUKEE, June 28.—All is quiet in railroad circles here at 11:15 a. m. Trains on the Northwestern, the Chicago, Milwaukee and St. Paul and the Wisconsin Central are moving as usual.

DENVER, Col., June 28.—The injunction granted by Judge Hallett against the Santa Fe employes yesterday, restrains them from interfering with the operation of trains and enjoins them to obey the orders of the representatives of the receivers in moving, handling, switching and operating any and all cars and trains of the Santa Fe or under its control. The court also directs that they and all others refrain from interfering with the cars or intimidating employes in their work of handling trains and orders the arrest by the United States marshal of all persons violating the court's orders. Deputy Marshal Wise has gone to La Junta with ten assistants to serve the orders of the courts on the employes. It is said 75 per cent. of the employes of the Santa Fe road are members of the Railway union.

LA JUNTA, Colo., June 28.—The local members of the American Railway union voted to go on a strike and remain out until all employes of the Santa Fe, discharged for refusing to handle Pullman cars, are reinstated. They also resolved to handle no Pullmans until the Pullman company consents to arbitrate.

OMAHA, Neb., June 28—11:40 A. M.—All is quiet in Omaha. At union depot and throughout the state no Pullman cars have been interfered with. Some trouble, however, is anticipated in making up evening trains.

KANSAS CITY, June 28—11:40 A. M.—None but local trains have left this city in any direction this morning. The Santa Fe Denver train, due to leave here at 9:30 a. m., is still at the depot. All employes refuse to handle Pullman cars.

DENVER, Col., June 28.—No trains are arriving or departing on the Santa Fe road, but the Denver and Rio Grande is having no trouble as yet. Pullman cars have not been laid out in this city, but trouble is anticipated before night.

INDIANAPOLIS, Ind., June 28.—The local lines are beginning to feel the effects of the strike, though there is no trouble here and the switchmen say there will be none. The difficulty lies in the lines getting their trains to this city. The new Monon is the worst sufferer. Other trains are badly delayed.

TOPEKA, Kan., June 28.—Noon.—Judge Foster, of the United States court, this morning signed an order directing United States Marshal Neeley to protect all property and trains of the Santa Fe in Kansas. Marshal Neeley is ordered to arrest all persons interfering with the trains or property of the company. Marshal Neeley is now in Leavenworth, where he is swearing in deputies to take charge of the railroad property. He is also issuing orders to men along the line of the Santa Fe authorizing them to enlist deputies to protect the property of the company. It is the plan of the receivers to make application to all the federal judges who have jurisdiction along the line of the road for an order similar to the one signed by Judge Foster, which, if granted, will place the road actually in the control of the United States courts.

ST. LOUIS, Mo., June 28.—The Pullman strike here, though evidencing nothing new so far as surface indications go, promises trouble before night for the railway system using Pullman cars out of here. Though the officials of the Switchmen's union are not supporting the boycott as the men themselves have determined to take no action and a secret order is being passed around to refuse to handle Pullman cars after 12 o'clock today. The effect of this, however, will not be felt until evening as there are no out-going trains between 12 m. and 7 p. m. which carry Pullman sleepers. The striking Pullman employes are quiet and confident that the boycott will not only be soon in effect but will also speedily conquer their opponents.

MINNEAPOLIS, Minn., June 28.—12 M.—The Northern Pacific is the only road entering Minneapolis yet tied up. The Wisconsin Central from Chicago with three Pullman cars reached here on time. Every Northern Pacific employe in this city is out, including the office force. A committee of seven has been named to manage affairs and maintain order. The employes of the Chicago, Milwaukee and St. Paul deny that a strike is ordered on that system, but trouble is expected on the Northwestern and Minneapolis and St. Louis.

CINCINNATI, June 28.—The Pullman boycott has failed at every turn here. Up to noon today the Pullman cars went out on every road as usual. Yesterday F. W. Phelan, representing President Debs, of the American Railway union, attempted to stop Pullmans on the Cincinnati, Hamilton and Dayton lines. After a little confusion in the yards the skirmish was over and that road is having no trouble today. A man claiming to be Phelan's agent appeared in the Cincinnati Southern yards at Ludlow, Ky., today with an order to stop handling Pullman cars, but the switchmen paid no attention to him and the trouble was soon over. Nearly the full quota are working at the Ludlow shops today and there is no trouble anywhere in moving Pullman cars.

INDIANAPOLIS, June 28.—The Monon train that left here this morning has not yet reached Chicago. It was made up of five Pullman sleepers, and these are held near Hammond. The train that left Chicago last night for this city is still at Hammond, and there is no prospect of it getting away. Both the trains held at Hammond are United States mail trains, and General Counsel Fields has telegraphed to know if Judge Baker is in the city, as the company proposes to proceed against the strikers for interfering with the mails. Mr. Fields arrived here late this afternoon. The trains from Cincinnati and Louisville arrived here on time. The trainmen report that they were not molested.

ST. PAUL, Minn., June 28—11:45 A. M.—The entire line of the Northern Pacific, with the exception of the Pacific division, is now completely tied up. The men say that before night not a wheel will be turning on the system. The officials of the road rely on the fact that the road is in the hands of the United States courts. They say they will operate their trains as usual, depending on United States marshals for protection. In St. Paul the tie up is complete. The shops at Como are silent, the switch towers empty and the yards deserted. The Northern Pacific train due to leave here at 9 a. m., was not made up, there being no one to fire up an engine and no one to pull it out when steam had been made. Three Wisconsin Central engines are stalled on the Northern Pacific tracks and Division Superintendent Horn cannot get them out. Officials tried to do the switching this morning, but as the interlocking system is used they met a failure of it. Arrivals of trains has not been interfered with. The overland train due last evening arrived on time and the two trains from Fargo came in as usual this morning.

TRINIDAD, Colo., June 28.—11 A. M.—The Pullman strike is on here. At 12 o'clock last night the operators at Eaton, Las Vegas and Albuquerque could not be raised and shortly afterwards the operators quit work. At an American Railway Union meeting held last night the strike was endorsed and the switchmen stopped work this morning. The Denver sleeper on the Gulf road was permitted to go through last night with the expectation that it would be sidetracked at Pueblo, but the company fooled the men there by not taking it to the depot.

CHIEF ARTHUR TALKS.

CLEVELAND, Ohio, June 28.—Chief P. M. Arthur, of the Brotherhood of Locomotive Engineers, was shown the Associated Press dispatch from Chicago today, which announced the discharge of four engineers of the Chicago and North Western railroad for inducing the Pullman boycott on that road. In response to a question as to what bearing the case might have on the brotherhood, he said that the organization had nothing whatever to do with the boycott, but what action might be taken in individual cases of this kind could not be determined until all the particulars of the discharges of the engineers were made known.

"Is there any likelihood of the engineers being drawn into the conflict?"

"We can take no action in the matter whatever," he answered. "We have no grievances, no interest in illumination as an organization, and will simply pay no attention to the boycott." Asked as to the probable result of the boycott, Mr. Arthur refused to express an opinion, saying time only would tell.

None of the roads leading into here have so far been affected by the Pullman boycott, and railway officials express the belief that no action will be taken by the local organization of the American Railway union.

THE SITUATION AT 3:30 O'CLOCK.

CHICAGO, June 28.—The situation at 3:30 o'clock this afternoon may be summarized as follows: The Northern Pacific and Santa Fe lines are practically shut down from end to end. There are local troubles on the Baltimore and Ohio, Chicago and Northwestern and Monon lines which have not culminated in a general tie up as yet. The Illinois Central is at a stand still north of the Ohio river.

Chief Arthur, of the Brotherhood of Locomotive Engineers, declines to lend any aid to the boycott. The effort to induce a strike at the Chicago stock yards failed.

COLUMBUS, Ohio, June 28.—The Columbus, Hocking Valley and Toledo railroad has restored the 10 per cent. in wages.

THE MARKETS.

Chicago Markets.

CHICAGO, June 28.—Wheat, steady; cash, 57½; July, 58½; Sept., 60½; Dec., 63½.

Corn, lower; cash, 41@41½; July, 41@41½; Sept., 41c.

Oats, lower; cash, 34c; July, 36½; Sept., 29c.

Pork, higher; July, $12.60; Sept., $12.70.

Lard, higher; July, $6.70; Sept., $6.85.

Ribs, higher; July, $6.50; Sept., $6.55.

Rye, nominal; 47½c.

Union Stock Yards Markets.

CHICAGO, June 28.—The Evening Journal reports:

Cattle, receipts, 7,500; summer weight, steers in better demand and higher. Prime to extra native steers, $4 60@4 80; medium, $4 25@4 45; others, $3 75@4 10; Texans, $2 60@3 60.

Hogs, receipts, 20,000; opened 5c higher; closed lower; many carried over. Rough heavy, $4 25@4 50; packers and mixed, $4 10@5 00; prime heavy and butcher weights, $5 00@5 10; assorted light, $5 00@5 05.

BAKING POWDER AWARDS.

(Data from the latest Official U. S. Gov't Report on Baking Powders, Dep't of Agriculture, Bulletin 13, page 599. From tests made by the Chief of the Chemical Division, who acted as Judge of Awards at the World's Columbian Exposition.)

ROYAL is placed first of the cream of tartar powders; actual strength, 160.6 cubic inches of leavening gas per ounce of powder.

Every other powder tested exhibited a much lower strength than the ROYAL, the average being 33 per cent. less.

Every other powder likewise showed the presence of alum, lime or sulphuric acid.

Royal Baking Powder has been found by every examination—official or competitive—to be the highest of ALL in leavening power, and of absolute purity and wholesomeness.

ROYAL BAKING POWDER CO., 106 WALL ST., NEW-YORK.

AN INDIAN THE ORATOR.

Peter Picotte, of Yankton, Will Help Celebrate the Fourth of July.

CHAMBERLAIN, S. D., June 28.—The town of Armour, Douglas county, is to be the only place in the state where an Indian will this year deliver the oration on the Fourth of July. The name of the Indian is Peter Picotte. Mr. Picotte was educated in the common schools of Yankton. In intelligence and business ability he has few superiors in the state, and for this reason will undoubtedly represent his district in the state legislature when the Yankton Sioux are given the right of franchise. His father, Charles Picotte, is a chief whose influence has had much to do with keeping the Yankton Sioux at peace with the whites. He once owned the land where the present city of Yankton is located, and was largely instrumental in making the treaty which ceded much of the land east of the Missouri river, in the southern part of the state, to the government. He also used his influence in favor of the last treaty, which will in a few months open up the remaining land of the Yankton Indians to settlement.

FRENCH AFFAIRS.

Fifty Thousand Francs Appropriated for Carnot's Funeral.

PARIS, June 28.—President Casimir-Perrier presided at a council of the ministers today. It was decided to ask the chambers tomorrow for a credit of 50,000 francs to be applied to the expenses of the funeral of the late president. Premier Dupuy will deliver the funeral oration. M. Dupuy, it is announced, has decided to resign the premiership, and proposes to go to Contrexeville, where he will take the mineral waters.

NEW MEXICO

Has Been Taken Into the Sisterhood of States.

WASHINGTON, June 28.—The bill admitting New Mexico passed the house without objection.

A Business Failure.

PHILADELPHIA, Pa., June 28.—S. M. Gans, a member of the stock exchange, has failed. While his recent losses have amounted to about $250,000 his outstanding accounts, it is said, will not go far beyond $3,000.

Works Closed.

CHICAGO, June 28.—The Chicago Sugar Refining company, on Taylor and Beach streets, employing 2,500 men, will close its works at 4 o'clock today on account of the railroad strike.

Reprieved.

CHARLESTON, W. Va., June 28.—Governor MacCorkle has reprieved until July 9 Wash Atkins, who was to have been hanged at Fayetteville tomorrow.

Two Lives Saved.

Mrs. Theodas Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. Bigg's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. Bigg's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these strangers, that proves the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Dreier Bro's and Co. drug store. Regular size 50c and $1.

Electric Bitters.

This remedy is becoming so well known as to need little to be said on special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood.—Will drive Malaria from the system and prevent as well as cure all Malarial fevers.—For cure of Headache, Constipation and Indigestion try Electric Bitters.—Entire satisfaction guaranteed, or money refunded.—Price, 50 cents and $1.00 per bottle at Dreier Bros. & Co.'s drug store.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

Have your Rights and Scenes of the World bound at THE SENTINEL office. tf

Why send your Portfolios to Chicago to have them bound in padded binding? The SENTINEL has a book bindery, and can do this work equal to any other, and save you express charges. tf

There was another chapter at Goshen yesterday in the Peterson-Lake Shore railway case, which has burdened Elkhart county for years. Peterson sued the company for damages, and after three expensive trials he was given a verdict for $9,000. The company then caused six of Peterson's witnesses to be indicted for perjury, and yesterday the jury held Elmer Carlin, one of the indicted persons, not guilty. It is the fourth decision adverse to the railway.

Three times the steel plant in process of erection at Frankton by William Chambers and others has been wrecked by wind, and Mr. Chambers is rapidly coming to the conclusion that the site is hoodooed. The last time the loss fell upon the contractors, the building not having been accepted. It is now proposed to rebuild elsewhere.

"FAMOUS PAINTINGS OF THE WORLD."

It is a collection of PHOTOGRAPHIC REPRODUCTIONS OF GREAT MODERN MASTERPIECES. It contains specimens of the great paintings of all art-producing nations and includes ONE HUNDRED OF THE MOST NOTABLE PAINTINGS at the

WORLD'S COLUMBIAN EXPOSITION.

It exemplifies the most ATTRACTIVE, INTERESTING, PURE and INSPIRING qualities of contemporaneous art. It contains a superb introduction by the greatest living novelist, GEN. LEW. WALLACE.

GEMS OF MODERN ART

Reproduced by the perfected half-tone process, having the appearance of the most perfect photographs. So large a collection of photographs of paintings could not be purchased for less than $1,000, and yet these photographic reproductions are offered to the public at the insignificant price of TEN CENTS for each portfolio.

Every picture is described by the brightest and best of America's writers on art subjects. These descriptions are not technical or prolix, but bright and interesting.

The materials for this publication have been gathered out of the most Famous Galleries and finest Private Collections in the Old World and the New.

All eminent artists are represented, but the minor artists and young aspirants for artistic honors—whose names are not yet household words have not been overlooked. The Committee of Selection have often chosen a meritorious and pleasing picture by a comparatively unknown artist in preference to an unattractive subject by a painter of prominence. This magnificent art work is in itself a

Home Gallery of Famous Masterpieces.

Do not fail to secure the first portfolio at once. The first Portfolio contains sixteen reproductions of great paintings, and also the magnificent introduction by GENERAL LEW. WALLACE.

All the future portfolios will contain sixteen reproductions of MASTERPIECES OF MODERN ART.

How to Secure This Series: Clip three "Famous World" coupons from the third page of this paper and send them together with ten cents to the Portfolio Department of "The Sentinel" and the part called for will be sent to your address by mail.

The first three portfolios can be had by calling at the office.

The entire series consists of 20 parts, each part contains 16 photographic reproductions of great paintings of the world.

Address all mail to "The Sentinel" Portfolio Department, including no other business in portfolio orders.

Write name and address plainly

NEWS NOTES.

Mrs. J. L. Needler, is visiting friends in Ohio.

Born to Mr. and Mrs. Louis Brother, of West Wayne street—a girl.

Mrs. M. Noecker, of Baker street, is the guest of relatives at Kendallville.

Clark Hubbard, of Lagrange, Ind., teacher of music, was in the city today.

Ira G. Burger has returned from Peoria, Ill., where he was the guest of his parents.

George L. Randall, New York agent for the Kansas City Stars, was in Fort Wayne last evening.

Miss Maggie Snyder, of DeKalb, Ind., is in the city this week, attending the Music Teachers' convention.

The members of the Indianapolis Choral union are at the Randall, as are a large number of other music teachers attending the state convention.

Quite a runaway occured on Berry street this morning, but no one was hurt. The runaway animal was caught at the corner of Main and Calhoun streets.

Spencer Applegate, of Antwerp, Ohio, representing the Harvester Binding company, of Indianapolis, was a guest of Will J. Ryburn, assistant secretary of the City Y. M. C. A., last evening.

There were three drunks up before Mayor Oakley this morning. Pat Galligan, of Bluffton; Mike Sheehan and Joe Diamond. The former was let go, but Diamond and Sloban were sent over for eleven days each.

Six tramps entered the house of David Connett, near the Wabash bridge, yesterday afternoon, and stole a suit of clothes and some jewelry. They then boarded a Wabash train west. The marshal of Huntington was notified and last night Sheriff Chaumeier received notice that the supposed thieves were under arrest.

Otis Nicholson, of the Wabash Plain-dealer says is at Warsaw. She and a gentleman friend are registered at the Hays house. Al Bulman, who traveled with Zella over a good portion of the United States and Europe before their racket, has been trying to make up with her again, and it is barely possible that they are again traveling together.

The old half mile race track at Swinney park has become quite a popular place for bicyclists to spend an enjoyable evening. The track has been scraped and is in good condition, and all that is necessary to make it first-class is about a half day's work on it with a steam roller. When the paving of West Washington street is completed Swinney park will be the favorite resort of the city for wheelmen.

The following are the scores made by the regular league ball teams yesterday: At St. Louis—St. Louis, 0; New York, 11. At Chicago—Chicago, 13; Baltimore, 4. At Pittsburg—Pittsburg, 11; Washington, 4. At Cincinnati, Cincinnati, 7; Philadelphia, 3. At Cleveland—Cleveland, 6, Brooklyn, 10. At Cleveland—Second game—Cleveland, 2, Brooklyn, 5. At Louisville—Louisville, 3; Boston, 13.

The general directory, together with the chairmen and secretaries of the several committees, met at the city hall last evening and talked over plans for the celebration. They fixed Tuesday, Wednesday and Thursday, October 9, 10 and 11, as the time for holding the celebration and the characteristic features to consist of a historical parade, a civic parade and a military, G. A. R. and governor's day, together with the unveiling of the soldiers' monument in the city park. All of which was referred to the committee on parade, program and music.

Maumee lodge, No. 59, A. O. U. W., held their regular semi-annual election of officers, at their hall, last evening. The following were chosen: Past master workman, Alexander Steffey; master workman, John W. Brown; foreman, Frank Van Alstine; overseer, George W. Ellenwood; recorder, George E. Mong, financier, John H Aikens; receiver, Alfonso F. Bobby; guide, H. H. Plank; inside watch, William Ainsworth; outside watch, David B. North; medical examiners, Drs. William Enslen and Frank E. Ladd.

No Advance on Lemons.

They have advanced $1.00 per box in the East, but we laid in 100 boxes before the advancement and will sell at the reduction, extra nice ones 20c dozen.

Choice Messina Oranges, 25c dozen.

Extra Florida Pines, nice and ripe, 15c each.

FRUIT HOUSE.

Card of Thanks.

Mr. Fred Kaiser and children desire through the columns of THE SENTINEL to extend thanks to their friends and neighbors, and especially the shop men, who sympathized with them in their late sad bereavement.

Big Drop on Potatoes. Down to 20c Peck.

Car load of Nice Missouri New Potatoes just received, down to 20c peck.

Now Onions, 5c peck.

FRUIT HOUSE.

Born to Mr and Mrs. C. E. Monroe, of 14; Melita street—a girl.

The medals for the Triangle Bicycle club's road race are now on exhibition in Bruder's window.

Editor Baker, of the Columbia City Commercial, is in the city today attending the republican convention.

It is reported that Hugh McKeen, of Spy Run avenue, is about to be married to an estimable and well known young lady.

The executive board of the Barbers' union will meet Monday night to determine whether or not the barbers will keep open on July 4.

Mr. I. C. Manning, who gives a recital at the Temple tomorrow afternoon, arrived in the city this afternoon and is now the guest of O. E. Robinson.

Mrs. Jackson and Mrs. A. S. Bond will read papers before the Theosophical society this evening. The subject is "Living the Higher Life." All are invited.

This morning's business session of the Indiana Music Teachers' association was confined to a meeting of vice presidents. One session was held from 9 to 10 and the other from 11 to 12:30.

About seventy-five students from Concordia college left this morning for points east and west on the Nickel Plate, some of them going to Cleveland, Buffalo, New York city, Philadelphia, Baltimore and Canada.

J. A. Hellings has leased the east room of the Abline building and will establish a fashionable cafe, where theater lunches may be served and where ladies will receive special attention. Everything will be strictly first-class.

The following officers were elected by the P. O. S. of A. last evening: President, T. H. Sinclair; vice president, E. G. Davis; master of forms, O. E. Johnson; conductor, D. W. Klotz; inspector, Chas. Greenick; outer guard, Edw. Payne.

This morning, at the corner of Lewis and Lafayette streets, Ernst Lang, a well known feeble minded man, was arrested for indecent exposure. The man is well known about town and is supposed to be the fellow the police have been looking for for the past few days.

Dr. Ogle, who was hurt, is sitting up part of the time. He does not suffer with his back so much, only when attempting to move. It will be some days before he can attend to his practice outside of his office. Mrs. Ogle returned home on the noon train yesterday.

For the opening night of "Pompeii," next Saturday evening, the management announces that children under fourteen years of age will be admitted for 25 cents. Saturday will be the time to take the children, as July 4th and after the crowds will likely be too great for their comfort. The entertainment is one full of instruction and elevates an only hour, enabling old and young to reach home seasonably.

WOMAN TAKES POISON.

Mrs. William Taylor, of Pearl Street, Very Ill.

She Was Found in a Dying Condition by Her Husband—Quite Mysterious.

About 10 o'clock last evening Mrs. William Taylor, of No. 42 Pearl street, was found by her husband in an unconscious state. She had evidently taken some powerful drug with suicidal intent. A physician was hastily summoned, but the lady upon reviving somewhat protested against the physician doing anything for her. She was rolling nervously and was apparently indifferent as to her fate. Neighbors came in and did what they could to relieve the unfortunate woman.

A SENTINEL representative who called at the residence this morning was informed that Mrs. Taylor was much better by her husband, but the woman could be heard moaning pitifully from an inner room. Mr. Taylor said his wife often had such spells, but refused to say whether she took poison this time or not. In fact, he refused to say anything at all of the case other than to deny that there had been any domestic trouble which would have likely caused the woman to wish to terminate her life.

From other sources it was learned that the woman had been married to Mr. Taylor a little over a year and that she had been married before to a man named Barnes. She is about twenty-four years of age. Her maiden name was Rumpian and her parents are both alive and reside in this city. Her mother and sister are at her bedside and it is thought she will recover, although she has had no medical attention today.

PROOF OF THE AWARD

To Dr. Price's Cream Baking Powder at the Fair.

An envious New York competitor, who tries to sell inferior goods by labeling them "absolutely pure," seeks to belittle the award of highest honors to Dr. Price's Cream Baking Powder at the World's Columbian Exposition by denying that such honors were conferred.

The award to Dr. Price is proved by the official records.

Chief of Awards J. S. Browning writes: "The records of this department (agriculture) show that the executive committee on awards officially announced some time ago that an award had been granted the Price Baking Powder Company on its exhibit of baking powder."

The Hon. John Boyd Thatcher, chairman of the executive committee on awards, also writes under date of Feb. 14, 1894: "I herewith enclose you an official copy of your award, which in due time will be inscribed in the diploma and forwarded."

Why did the New York competitor not exhibit? Was it because his powder contained ammonia?

The award to Dr. Price's was for strength, purity and general excellence.

RECEIVED AT THE CLUB

Members of the Morning Musical the Hostesses.

Society Notes Concerning Events in the City's Social Circles—Personal Items and News Notes.

This morning, at the Fort Wayne club, was given one of the most charming of the many social affairs held at that place. The occasion was a reception given by the ladies of the Morning musical of this city to the visitors to the meeting of the Indiana Music Teachers' association. The guests were greeted in the lobby of the club by the reception committee, the officers of the Morning musical, Mrs. W. H. Myers, Mrs. B. F. McDonald, Mrs. C. E. Bursley, Mrs. T. E. Ellison, Miss B. Clark, Miss Fannie Winch and Miss Katharine MacDougall. The rooms were beautifully decorated with flowers and ferns and in the different rooms teas were served by the ladies of the Morning musical, who were all gowned in white.

Miss Eva R. Nelson, assisted by Miss Abbott, Miss Evans and Mrs. Studer, presided at the green and white table, decorated with wild marguerites and ferns.

Mrs. W. H. Wait presided at the table where sweet peas formed the decorations. She was assisted by Misses Kathryne Battersley, Susan Thompson, Helen McKid.

Mrs. Charles Wilding was in charge of the yellow table, where nasturtiums were artistically strewn over the cloth and arranged in vases. Her assistants were Miss Jean Graham, of Madison; Miss Genny White, Mrs. Frank Rider, Miss Lillie Pyke.

Mrs. Edwin Reuss presided at the pink table. Wild roses and pink lilies over the cloth and arranged in slender stem vases formed the decorations. The young ladies serving were Miss Rachel Boles, Miss Anna Bond, Miss Clara Zollars.

Mrs. Clark Fahnbank served ices at the white table decorated with sweet clysias. Her assistants were Mrs. M. A. Reason, Mrs. Darwin Rool, Mrs. James McIlwaine, Mrs. J. S. McCurdy, Miss Josephine Hartman.

The ices served at the different tables were in harmony with the decorations. It was an extremely delightful affair and gave the musicians from abroad and those at home an opportunity of informally discussing topics of much interest to both.

SOCIETY GOSSIP.

Mr. James Woodworth will return tomorrow from Petoskey.

Miss Lulu and Master Ray Barrows are visiting in Sturgis, Mich.

Miss Jessie Hunter, of Columbia City, is the guest of friends in this city.

Rev. Father Tremmell, of Covington, Ind., is visiting relatives in the city.

Last evening Mr. and Mrs. G. L. Clayton gave a delightful street car party.

Miss Edith Stabler has returned from Richmond, Ind., where she was visiting friends.

Mr. and Mrs. M. Gotshall, of Kansas City, are the guests of Mr. and Mrs. J. L. Graham.

Miss Sarah McKean, of Spy Run avenue, is the guest of Mrs. E. A. Van Fleet this week.

Miss Eula Morse, who has been the guest of Mrs. B. T. McDonald, left yesterday for St. Joe, Mo.

Miss Florence Fulton returned today from Plymouth, Ind., where she has been visiting for some time.

Mrs. S. E. McNeil returned to her home in Peru today, after a two weeks' visit with friends in this city.

Mr. Warren Wyneken, who has been the guest of friends in this city for a few days, returned today to Chicago.

Mrs. Dr. Ogle and sister, Miss Millie Kline, of this city, are the guests of Mr. and Mrs. J. F. Beckman, of Warsaw.

Miss Madge Jenkinson and sister, Miss Maxie, left today for their home in Goshen after a short visit in this city.

Miss Ressie Knight entertained a few friends with a tennis party at her home on Spy Run avenue yesterday afternoon.

Master Herschel Lano returned to his home last evening from a few days' visit with relatives at North Manchester.

Mrs. W. D. Meier, who has been the guest of relatives in this city for a few days, returned today to her home in Chicago.

Miss Kathryne Battersley and cousin, Miss Sarah Battersly, of Lincoln, Eng., will spend next week in Chicago.

Miss Mabel Tyler, of New Lebanon, who has been the guest of her sister, Miss Emilie Tyler, left yesterday for her home.

Last evening Miss Alva Beals, assisted by Misses Sarah Hill and Myrtle Hurlburt, pleasantly entertained a few of their friends.

Misses Eastha and Emma Austin and Miss Phil Parshia have returned from Rome City, where they spent two weeks in a cottage.

Messrs. and Mesdames A. K. Hoffman, Henry Mayer and John Londenberger went to Rome City this morning to occupy their cottages.

The Berry street chapter of the Epworth league will be entertained by Mr. Hugh Beaver this evening at his home, 119 Columbia avenue.

Mrs. H. P. Moses, of 284 West Douglas, is entertaining her sister, Mrs. J. A. Durand, of Lima, Ind., and Mrs. B. F. Keonse, of Lagrange, Ind.

Miss Sadie Gobert, who has been visiting Mrs. Chas. Brown, at Huntington, returned home yesterday. She was accompanied by Miss May Brown.

Mrs. Loring, of Boston, will arrive in the city tomorrow to be the guest of her daughter, Mrs. Theodore Thieme, of West Berry street, for several weeks.

Mrs. William E. McIntosh and son, William, left this morning over the Nickel Plate for Chicago and from there will go to California to spend the summer. Mr. McIntosh accompanied them as far as Chicago.

Mr. Wirt Steele, of Huntington, teacher in the public schools, passed through this city yesterday on his way home from Defiance, Ohio, and spent a short time with friends here.

Next Monday morning Mrs. Harry Morits and children leave for Rome City to occupy a cottage for a month and while there will entertain Mrs. Samuel S. Putt, of Akron, Ohio, as her guest.

Carl Miller, a student in the St. Louis Lutheran seminary, is the guest of his cousin, Mrs. Harry Smith, of Stophlet street. Mr. Miller is preparing himself for the ministry. He is now enjoying his summer vacation.

Last evening Mr. and Mrs. E. B. Gordon very pleasantly entertained a few friends at their home on Harmer street in honor of Mr. and Mrs. Welbrunk, of Elwood, Ind., who are their guests. A delicious luncheon was served late in the evening.

Rev. O. N. Eldridge, Rev. F. T. Simpson, Rev. C. E. Wilcox, Misses Alice Hammil, Lottie Smith and Louella Boles left this morning for Peru, where they will attend the state meeting of the Epworth league. Today Miss Hamhill read a paper upon the subject of "Gift Up," and Miss Boles rendered several selection on the piano.

Thursday evening Miss Letha Kanga entertained a few friends at her West Williams street home in honor of her guest, Miss Effie Lafferty, of Butler, Ohio. Games were indulged in until a late hour, when a delicious luncheon was served. Those present were: Effie Lafferty, of Butler, Ohio; Daisy Jerriott, Gertrude Hollister, Emma Schwartz, Lizzie Lapp, Letha Kanga, Magdie Hinton, Nellie Morgan.

A very delightful event was the family reunion held at the home of John McIntosh, sr., at Hoagland, June 26. The occasion was the eighty-first birthday anniversary of Mrs. Susan Harrod, mother of Mrs. McIntosh, Mrs. Edward Meriam and Mrs. John Chapman. Her children, grandchildren and great grandchildren gathered together and with her enjoyed a bountiful dinner, after which the time was spent in music and games. Among those present from this city were Mr. and Mrs. Meriam, of Division street.

Last evening at the home of the bride's parents, Mr. and Mrs. Theodore Titus, of 130 Buchanan street, occurred the marriage of Miss Mary E. Titus to Mr. Warren Patterson, brakeman on the Pittsburg railroad. The ceremony was performed at 8 o'clock by Rev. A. W. Ballinger, of the United Brethren church. Only a few friends and relatives were present to witness the ceremony and extend congratulations. Miss Grace G. Titus, sister of the bride, assisted as maid of honor, and Mr. Harry Stokes acted as best man. After the wedding an elaborate supper was served. Mr. and Mrs. Patterson will reside with Mrs. Patterson, mother of the groom, at 179 Francis street.

The marriage of Miss Mary Barr, of Ligonier, to Mr. George F. Horn, of Lafayette, will take place this evening at 8 o'clock at the Presbyterian church at Ligonier. The ceremony will be performed by the Rev. E. Barr, the bride's father, assisted by his brother, Rev. Thomas Barr. Only a few guests, friends and relatives of the bride and groom will witness the wedding. Miss Ruth Barr, a sister of the bride, will assist as maid of honor, and Mr. Will Horn, brother of the groom, will act as best man. After a three weeks' trip through the east Mr. Horn and bride will return to Lafayette to reside. Miss Barr was formerly a teacher at the Westminster seminary in this city and has many many friends here.

Wanted

You to bring your old bicycles to us and we will trade them new, high grade machines for a small difference. We have on hand a few 1893 $100 machines that we will dispose of in this way.

Attend the Fort Wayne Business College. Summer School begins July 2. Full course of study and practice. Arrange to enter now. 23-1m

A half dozen drunks were run in by the police today.

REV. GRANT S. HOUSH.

Degree Conferred on Him by the Southern Baptist Seminary.

In giving an account of the commencement exercises of the Southern Baptist Theological seminary at Louisville, a correspondent writing to the Examiner, the national Baptist newspaper published at New York, has the following to say about Rev. Grant S. Housh, a brother of J. S. Housh, of this city:

"Four persons appeared to claim the degree of Doctor in Theology, namely, Weston Bruner, of Kentucky; Grant S. Housh, of Indiana; Dexter G. Whitinghill, of Kentucky, and Thomas F. Stafford, of Missouri. The thesis of Mr. Bruner was entitled 'A query in Baptist history—whether the Philadelphia association was originally a general Baptist organization?' Mr. Housh gave a 'Sketch of the Logos doctrine,' Mr. Stafford treated the 'Style of the Apocalypse,' and Mr. Whittinghill discussed 'Old Testament psychology.'

"Mr. Housh is one of the most remarkable men that ever studied in the seminary. Though he is entirely blind, he has persevered until he has made himself a professed and finished scholar. None of his fellow students can excel him in Hebrew, Greek or Arabic. He is admirably qualified for the work of teaching in higher institutions of learning, and it would be an occasion of great satisfaction if such a place could be opened for him. All that is required is that some college shall give him an opportunity. I believe that every one of his instructors would cheerfully recommend him in full confidence that he would give the highest satisfaction."

Rev. Housh is a brilliant and scholarly young man and has been heard several times in the pulpit of Rev. Northrop at the Baptist Tabernacle in this city.

July 4th we give up our store to the bank people. If you want clothing for yourselves or boys take advantage of it before the close.

25 27-29 wlt The C. O. D.
